FOOTWEAR 2020

Callaway

COMFORT, STYLE & PERFORMANCE.

Comfort, style and performance has never been more important in Golf Footwear. We designed and built our 2020 shoes so they can be worn straight from the box, whilst performing and looking good. We believe that every swing is built from the ground up, so every element of our shoes are carefully engineered to create the very best platform, on which to your game.

Duncan Patmore | Footwear Manager | Callaway EMEA

KEY FEATURES

KEY TECHNOLOGIES

Engineered knitted upper

A computer engineered, knitted ballistic mesh one piece upper with varying textures and densities of weave. This creates extra support, breathability and flexibility when needed.

Force Flex POD

The de-coupled force Flex POD facilitates a smooth walking stride and maximum ground contact post ball strike.

Apex spikeless sole

Every element of the TPU spikeless sole has been engineered to create the most solid platform on which to build your swing. The lateral side Xfer™ Power wall prevents lateral slippage whilst absorbing and releasing the energy loaded during your swing. The comfort of a spikeless shoe but with the performance of cleats.

A secondary set of fashion laces in a complementing colour are included.

APEX PRO KNIT

A classic brogue design with a super technical knitted upper. The Pro Knit offers amazing comfort without sacrificing waterproofing or performance.
